## **Novi Neighborhood Celebrates Opening**

### **Novi neighborhood celebrates opening**

Knightsbridge Gate, a residential community in Novi, celebrated its grand opening in early October. Prior to the grand opening, more than 30 units had been sold before models were made available to the public. Located at 12 Mile Road and Napier Road in uptown Novi, the community of single family homes offers potential homeowners a peaceful nature preserve atmosphere in the heart of a vibrant suburban area. Knightsbridge Gate brings together everything homeowners are looking for, including modern conveniences, a family-friendly setting and easy access to Novi's many recreational and shopping attractions.

"I call it a bull's-eye location, because you're 15 miles from everything, " said David Gans of Winnick Homes who, with Hunter Pasteur Homes and JC Communities, is one of the participating builders at Knightsbridge Gate. "People look through the homes and can't believe the high-end features we offer at this price, amenities usually found in \$600,000-750,000 houses."

Homes at Knightsbridge Gate are in the \$270,000s to the \$340,000s. For more information on the community, visit [www.knights bridgegate.com](http://www.knightsbridgegate.com).
